The DRN Cabinet is a security cabinet built where a higher than normal security profile is required. Access is highly limited to front and rear doors which have a bi-lock with 3 point locking. All sides, top and bottom panels are all internally secured with no access obtainable from outside the cabinet. Cabinet comes with S-Rails and both top and bottom panels can have fans and filters installed.

The DRN series of cabinets comes in 19" & 26" models with varying heights and depths to suit the majority of equipment requirements.

Finished in powder coated nurse grey. Other colours are optional.

A number of equipment accessories are available. These include;

- Full steel doors
- Vented steel door
- Vented acrylic door
- L shelf rails,
- Cable tray
- Drawers and shelves
- Fan kits and filters
- Fixed or telescopic chimney
- Power rails
- Levelling feet and plinths
- Pivoting and fold down keyboard shelves
- Cable management system
