

Our Core Values

- Safety is everyone's responsibility within PLP NZ.
- Integration optimizes the quality of our product, processes, and people.
- Engagement is an effective way of sharing and communicating ideas and insights.
- Customer satisfaction adds value in terms of quality of products and services.
- Pollution Free, Smoke Free and protect the environment to promote health and well-being.
- Plan Safe + Work Safe = Home Safe.

PLP NZ is committed to:

- Manage, maintain, and continuously improve its Integrated Management System, Occupational Health & Safety (ISO45001:2018), Environmental (ISO14001:2015), and Quality (ISO9001:2015).
- Plan, develop, evaluate, and implement continuous improvement within our products, key processes, people, procedures, procurement, and production.
- Provide training, supervision, and information for our employees to support their performance efficiency, skills optimisation, and talent development.
- Plan and allocate resources to maintain and continuously improve the efficiency and effectiveness of our assets, machines, tools, and equipment.
- Effectively control, manage, review/monitor, and maintain our IMS documentation.
- Ensure that PLP NZ is compliant to relevant regulations, standards, and all other applicable legal requirements.
- Efficiently utilise raw materials, effectively manage waste, economically recycle materials, and improve product quality, to ensure the health and safety our people, as well as to protect the environment, including prevention of pollution.
- Actively identify and remedy hazards and risks in partnership with our people and contractors; and
- Provide adequate information, documentation, and training to effectively induct all visitors, suppliers, and contractors to our premises.

A handwritten signature in blue ink, appearing to read 'Brett Hewitt', is written over a horizontal line. The signature is stylized and somewhat abstract.

BRETT HEWITT - Managing Director
